LO: I can measure lengths and heights using common standard units

Measurement : Height

Do it

Measure the height or length of some items in your home using centimetres.

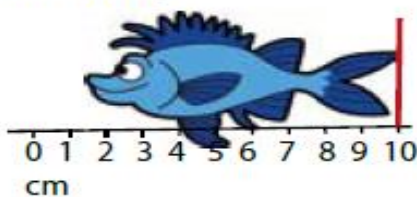

List them in the table below

Book	15 centimetres

Secure it

Colin thinks that the fish is 10cm long.

Explain why he is incorrect.

Key words

0

8

Colin is incorrect because I know that when I measure an object I need to always start at _____. The fish is _____ centimetres long.

Deepen it:

Measurement Hunt

Find three items that are each 10 cm long.

1.

2.

3.

Find two items that are each 30cm tall.

1.

2.
