LO: I can measure height using non-standard units

Measurement : Height

Do it

Can you measure the height of objects in your house with your finger step?

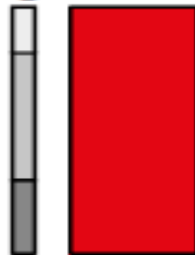

List them in the table below

Book	4 finger steps

Secure it

Colin thinks that the height of the rectangle is three:

Explain why he is incorrect.

Key words

equal

Colin is incorrect because I know that when I measure height I need to use a unit that is of _____ size.

Deepen it:

Height Hunt

Find an object that is 7 units of your choice in your in height.
