LO: I can measure length using non-standard units

Measurement : Length

Do it

Can you measure objects in your house?

You can use pasta shapes, Lego bricks, finger steps, cubes, paper clips, pieces of paper/card cut to the same length.

Don't forget to choose just one!

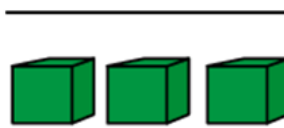

List them in the table below

Item	Measurement and unit
Book	4 finger steps

Secure it

Colin thinks that the line is three cubes long.

Explain why he is incorrect.

Key words

3

longer

Explain why he is incorrect.

Colin is incorrect because the cubes are not next to each other, so the line is

_____ than _____ cubes long.

Deepen it:

Find four items with a total length of 20 finger steps.

Find three items with a total length of 3 hand spans.

Find four items with a total length of two strides.

Length of twenty finger steps	1. 2. 3. 4.
Length of three hand spans	1. 2. 3. 4.
Length of two strides	1. 2. 3. 4.
