

Holy Rood Primary School KS2 Spelling Weekly Overview

Day 1	Day 2	Day 3	Day 4	Day 5
Highlight and Sort Sound	Partner Test	Sort Grid	Spelling Test	(PPA)
10-15 minutes	10-15 minutes	10-15 minutes	10-15 minutes	
<p>Children are given a grid of 12 words taken from the year group Spelling Overviews. Children look at their words containing the sound of the week. Children identify the sound of the week and highlight it.</p> <p>They then sort the words by the graphemes. Encourage children to notice patterns e.g. where does the sound usually appear in the word?</p> <p>Refer to the 'KS2 Spelling by Phoneme' spreadsheet to populate the column headings of the grapheme grid.</p> <p>Please display your sound of the week in the classroom.</p>	<p>At the start of the second session, children identify the individual phonemes using sound buttons in a selection of words from the weekly list. Refer to the scanned copies of the spelling overview with the sound buttons to support.</p> <p>In pairs, children test each other on the spellings for the week and highlight those they cannot yet spell. Children analyse those words and identify their 'tricky bit'.</p>	<p>Children are given a blank version of the grid from the first lesson showing the graphemes for that week's sound. The words are read aloud to the children who then must write them in the correct section of the grid. Children are encouraged to discuss these with a partner and test out different graphemes for the sound.</p> <p>This is also a good opportunity to link to etymology and/or relevant spelling rules for specific words if relevant. This will often be indicated in brackets on the Spelling Overviews.</p>	<p>This works as a standard spelling test. Adapt sentences to suit your class and current topics to aid vocabulary development. Giving children a context for the spelling words will support their understanding and they will be more likely to remember them!</p>	<p>The PPA day can be moved around fit your class/weekly timetable. The other days must stay in order.</p>
